

Silver Bullet[®]

Throttle Body Spacer

PN 46-36002

INSTALLATION INSTRUCTIONS

IMPORTANT: Please read all instructions and verify PARTS LIST below before you begin your installation. For the most up-to-date application list for this part number, please visit our website.

Year	Make	Model	SubModel	Engine	Fuel
2005-2020	Nissan	Frontier		V6 4.0L	Gas
2005-2012	Nissan	Pathfinder		V6 4.0L	Gas
2005-2015	Nissan	Xterra		V6 4.0L	Gas
2008-2012	Suzuki	Equator		V6 4.0L	Gas

1. Loosen and remove engine cover. Loosen and remove PCV vent hose from air inlet tube and then the air inlet tube from throttle body and air filter assembly.
2. With a 5mm hex, remove the four socket cap bolts from the throttle body. Pull throttle body away from intake manifold.
3. Install the aFe Silver Bullet Spacer and gasket (engraved side of spacer goes towards the throttle body) onto the manifold with the new longer screws and washers.. Tighten the bolts to 10 Nm (89 lb/in). **NOTE: Do not discard factory hardware in the event vehicle must be returned to stock.**
4. Reinstall air inlet tube onto the throttle body and the air filter assembly. Reconnect the PCV vent hose to air inlet tube. Reinstall the engine cover.
5. Check all connections, hardware, and clamps to make sure that everything is secured properly.

PARTS LIST

- 1 aFe Silver Bullet Spacer
- 1 Gasket
- 4 6mm x 80mm bolts
- 4 6mm flat washers
- 4 6mm lock washers

NOTE: This part is exempt by the California Air Resources Board (C.A.R.B.) and has been issued an Executive Order (E.O.). If part does not already have a C.A.R.B. E.O. sticker on it, one should be supplied and will be necessary to place the sticker on or near device on a smooth, clean surface. The C.A.R.B. E.O. sticker is required to pass the smog test inspections in the state of California.
